The Sixth Annual Rocky Mountain Spectroscopy Conference
will be held in Denver, Colorado, at the Albany Hotel
August 12 and 13, 1963

This conference, sponsored by the Rocky Mountain Section of the Society for Applied Spectroscopy, follows the annual Denver Research Institute X-Ray Conference, to be held August 7, 8, and 9.

The conference will feature technical papers on laser microprobes and other phases of spectroscopy as well as three individual symposia as follows:

1 - Optical emission spectrography.
2 - Applications of gas chromatography.
3 - Techniques of geologic and mineralogical analysis.

There will be a social hour and banquet Monday evening, August 12, at which Mr. Robert E. Michaelis of the National Bureau of Standards will be the speaker.

The program committee desires that titles and abstracts of technical papers be submitted as early as possible to:

Mr. Fred Ward
U. S. Geological Survey
Bldg. 25, Federal Center
Denver 25, Colorado
Reservation Card.

TOURS OF DENVER — COLORADO SPRINGS — CENTRAL CITY AREAS

SPONSORED BY:  DENVER SYMPHONY GUILD and
SOCETY FOR APPLIED SPECTROSCOPY—ROCKY MTN. SECTION

Please assist your conference committee by marking the times and activities of greatest interest to you. Tours will be set up in response to the interest indicated by returns of this card. PLEASE RETURN IT BY JULY 27th if interested in the following.
