The Highway Legislation Review Committee (HLRC) was originally established in 1953 as part of the legislative reorganization of the state highway system which restructured the relationship among state highway, county road, and municipal street systems (section 43-2-101, C.R.S.). The committee's original charge was to review the implementation and impact of these new highway systems. Committee members at that time were appointed by the governor every five years and included eight members of the General Assembly and seven non-legislative members "from such highway advisory groups as the governor shall select." Currently, the committee is composed of six members of the General Assembly (three from the House and three from the Senate) and five citizen members appointed by the governor.

The HLRC was reconstituted in 1986 "to give guidance and direction to the state Department of Highways in the development of the state system of highways and to provide legislative overview of and input into such development." This mandate included consultation with experts in highway construction and planning, review of the Department of Highways' (now the Department of Transportation) operations and projects, review of department performance audits, and recommendations concerning the financing of roads and mass transit in the state. The committee's oversight responsibility has been expanded in recent years to include: the activities of public highway authorities (section 43-4-501, C.R.S.); the privatization of bus routes by the Regional Transportation District (RTD) (section 32-9-119.5(8), C.R.S.); and the review and recodification of state traffic laws as required by House Bill 91-1106 (section 43-2-145.5, C.R.S.). The committee also has statutory responsibility to study such diverse topics as: RTD's farebox recovery ratio; utilization of high-occupancy vehicle highway lanes; and the operation of state bicycle safety laws. In 1990, the General Assembly repealed the HLRC sunset provision and added the requirement that the committee meet at least once a year.

Committee Recommendations

The committee met for five days during the 1992 interim. The transportation issues reviewed by the committee were selected due to a statutory charge to HLRC, a relationship to a federal mandate, or the interests of one or more committee members. The following items were considered.
the impact of the recently enacted federal Intermodal Surface Transportation Efficiency Act on the state of Colorado;

the current operating budget of the RTD and the status of RTD mass transit planning. Also discussed, were the potential effects of the 1991 Colorado Supreme Court decision in RTD v. Colorado Department of Labor and Employment;

progress reports from the Traffic Law Advisory Committee on traffic law recodification efforts pursuant to H.B. 91-1106;

the status report on current and future surface access projects for the Denver International Airport;

transportation needs created by the establishment of limited gaming in Central City, Black Hawk, and Cripple Creek;

recommendations from the Joint Legislative Sunrise and Sunset Review Committee for future study by the HLRC; and

the CDOT Bus Regulatory Study for the State of Colorado (as per H.B. 91-1198).

The HLRC reviewed legislation proposed by the state's Department of Transportation, the Motor Vehicle Division, the Division of Ports of Entry, and the Colorado State Patrol. These agencies submitted the bills summarized below.

**Duties of Drivers in Accidents - Bill 1**

Bill 1 requires drivers involved in a non-injury accident on a divided highway to move the vehicle to a suitable location before fulfilling the requirements to give notice, information, and aid to other drivers involved in the accident. The bill contains a three-year repeal provision.

Bill 1 is based on a recommendation from the Colorado Incident Management Coalition. The bill will contribute to a reduction of traffic hazards, congestion, and secondary accidents by instructing drivers to move their vehicles from the highway following an accident. This removal of vehicles from the highway will help the State Patrol and the Colorado Department of Transportation (CDOT) maintain steady traffic flow, thereby reducing traffic delays and increasing driver safety.
Removal of Highway Obstructions - Bill 2

Bill 2 authorizes CDOT and the State Patrol to remove from the highway any vehicle, cargo, or personal property involved in an accident, and provides these agencies with immunity from civil damage claims related to executing these duties. A three-year repeal provision is included.

Bill 2 is designed as a companion to Bill 1 and is also a product of the Colorado Incident Management Coalition (CIMC). The expanded authority of CDOT and the State Patrol to clear hazards following a traffic incident (e.g., spilled cargo, overturned vehicles) will result in their improved efficiency when responding to incidents and in a reduction of highway congestion. As noted by the CIMC, traffic incidents are responsible for 50 to 70 percent of all highway motorists’ delays, and each additional minute of lane blockage results in an additional 4 to 5 minutes of congestion.

Threshold for Bidding on Public Projects - Bill 3

Bill 3 requires all state government agencies proposing to construct a public project costing in excess of $150,000 to bid against private contractors. The bill raises the current threshold of $50,000 beyond which state agencies must prepare cost estimates and competitively bid for public construction projects.

Bill 3 enables CDOT to further utilize its in-house resources for certain highway maintenance and preservation work (e.g., minor asphalt overlays, surface sealing, and restoration). Small scale projects of this nature may not require the full construction capabilities of private contractors, yet since they often cost more than $50,000, CDOT is required to open such projects to private bidding. Under Bill 3, the state may realize savings because CDOT will not incur the administrative costs of bid preparation for projects costing $50,000 to $150,000. According to CDOT, materials and supplies needed for CDOT in-house projects will continue to be purchased from private vendors. (Colorado law provides a similar bidding threshold of $150,000 for Colorado counties and cities with populations over 30,000.)

Motor Vehicle Division Records - Bill 4

Bill 4 clarifies the procedures used by the Department of Revenue to certify motor vehicle records used in court actions. The bill provides the director of the department with the option of designating an appointee to certify such records. The bill specifies information to be contained on the cover page of certified records and that only the cover page of a record must be certified rather than each page. Bill 4 allows a certified record to include only those pages of a document that are relevant to the trial or hearing.
The purpose of Bill 4 is to promote greater efficiency (i.e., time savings and reduced paperwork) in the certification of motor vehicle records submitted for court action. In addition, the department believes that simplifying the process of record certification will lead to fewer errors, and consequently will result in fewer case dismissals due to technical violations of record certification guidelines.

**Port of Entry Weigh Stations - Bill 5**

Bill 5 expands current law as it pertains to the authority of port of entry personnel in three manners. First, the bill will allow all port of entry personnel to enforce driver’s license statutes. At this time, only port personnel trained as commercial vehicle safety inspectors can enforce commercial driver’s license standards. This provision will enable all ports officers to ticket drivers in violation of driver’s license statutes. Presently, untrained ports personnel can be required to detain a driver until a trained safety inspector or a state patrol officer can arrive at the port to respond to the driver’s violation.

Second, the bill permits the Trinidad Port of Entry, which is operated jointly by Colorado and New Mexico, to display the New Mexico state flag along with the Colorado state flag to denote the Port’s joint operating status.

Third, Bill 5 grants port personnel the following police officer duties when responding to an unlawfully loaded vehicle: to stop the vehicle, weigh it, and if not in compliance with the law, detain, unload, and/or impound it. Currently, port personnel have peace officer status, and as peace officers are already authorized to enforce each of these measures except the unloading of vehicles. The Division of Ports of Entry reported to the HLRC that Bill 5 in its current form does not represent the intent of the division. Rather than acquiring police powers for its personnel, the division seeks an expansion of its current peace powers to include the enforcement of vehicle unloading.

**Driver’s License Restrictions - Bill 6**

Bill 6 provides that the Department of Revenue can issue one notice of suspension to a driver whose license has been suspended for multiple offenses, if the multiple sentences are being served concurrently. The bill does not alter the length of sentences.

Bill 6 clarifies department policy for concurrent and consecutive driver’s license suspensions imposed for certain motor vehicle violations. A driver’s license suspension or denial imposed because of a point accumulation is to run concurrently with a license revocation or denial imposed due to an offense contributing to that point accumulation. The bill stipulates that a license revocation imposed on a habitual offender shall run concurrently with a license revocation for multiple alcohol- or drug-related offenses if
both license revocations are based on the same offense. However, a habitual offender's license revocation shall run consecutively with a license revocation for refusal to submit to alcohol and drug testing.

The purpose of Bill 6 is to reduce the number of notices which the Department of Revenue serves to persons convicted of certain offenses. Presently, the department serves a notice for each offense leading to license suspension which may cause confusion for the offender and create extra expense for the department. The department believes that serving one notice, instead of multiple notices, will reduce paperwork and eliminate duplication of effort.

Municipal Traffic Law Violations - Bill 7

Bill 7 defines "municipalities" and identifies municipal ordinances that, if they substantially conform to the statutory provisions of this state, are to be enforced by the state under its habitual-offender statute. Under current state law, "habitual offenders" are drivers having three or more of the following state convictions within a period of seven years: 1) driving under the influence; 2) reckless driving; 3) driving with a suspended, revoked, or denied license; or 4) knowingly, falsely affming to a matter required by the motor vehicle law.

Bill 7 will strengthen the state's habitual-offender statute by expanding its jurisdiction to include state and municipal violations. For example, under Bill 7, an individual having two state convictions and one municipal conviction of any of the four noted offenses within seven years would qualify as a habitual-offender. Under current law, this driver would be below the state threshold of three state convictions in a seven-year period and would not be prosecuted as a habitual offender.

Driver's License Revocation Hearings - Bill 8

Bill 8 allows a hearing officer to reschedule hearings involving the charge of driving under the influence (DUI) beyond the sixty-day period during which a hearing must initially be scheduled. In addition, the bill permits law enforcement officers to reschedule hearings if an officer is unavailable due to medical reasons, a law enforcement emergency, a conflict in court or hearing schedules, or any other legitimate cause.

Bill 8 allows the sixty-day period to begin when a request for a hearing is received by the Motor Vehicle Division central office, rather than on the day it is filed by a respondent. Drivers ticketed for driving under the influence must request a hearing within seven days at any Motor Vehicle Division office. Such requests for hearings are forwarded to the division's central office in Denver.
The purpose of Bill 8 is twofold. First, by permitting an extension of the sixty-day period for DUI hearings, the occurrence of case dismissals caused by the unavailability of officers is reduced. Second, respondents occasionally provide the division with fraudulent addresses which delay the serving of a court notice to appear in court. By authorizing the sixty-day period to begin on the day the division’s central office receives the request for hearing, Bill 8 gives the department a complete sixty-day period in which to discover and correct a fraudulent address, serve notice to a respondent, and schedule a hearing.

Traffic Law Recodification - Bill 9

Bill 9 extends the HLRC’s traffic law recodification reporting deadline from January 1, 1993, to January 1, 1994. The final report will be based on the recodification effort currently being conducted by the Traffic Law Advisory Committee. The recodification centralizes the traffic code in Title 42, C.R.S. The one-year extension will allow for circulation of the recodification draft legislation (which is over 800 pages in length) to interested persons and agencies for review.

The recodification is authorized by H.B. 91-1106 which specifies:

In addition to any other duties, the committee shall study any necessary revisions to the traffic law. The committee shall consider inconsistencies in the traffic law statutes, technical difficulties in the enforcement of the traffic law, the establishment of consistent and understandable procedures for traffic enforcement, and the formation of a traffic law structure which shall be easily understood and applied by the judiciary, the law enforcement community, and the public. It is the intent of the General Assembly that the committee review the Colorado traffic laws and make recommendations to the General Assembly concerning the recodification of such laws.

The Traffic Law Advisory Committee includes volunteer representation from: the Motor Vehicle Division; the Colorado District Attorneys’ Council; County Sheriffs of Colorado; the Colorado Insurance Coalition; the Colorado Municipal League; Colorado Counties, Inc.; the Colorado State Patrol; the Colorado Department of Transportation; the Office of Legislative Legal Services; and the Colorado Judicial Department. The Advisory Committee is coordinated by the Office of the State Court Administrator.

Reclassification of Traffic Offenses - HLRC Bill 10

Bill 10 reclassifies certain misdemeanor traffic offenses, and petty offenses to either class A or class B traffic infractions. By reclassifying these violations as infractions, they become civil offenses instead of criminal offenses. Civil offenses do
not involve jury trials, nor the issuance of warrants for failure to appear in court or failure to pay a fine. Class A offenses involve fines of $10 to $100, class B offenses involve $5 to $100 fines. Bill 10 is a partial representation of the Traffic Law Advisory Committee's recodification effort (per H.B. 91-1106), and serves as a preliminary step in simplifying the traffic code and improving its consistency. Bill 10:

- makes all careless driving violations class A traffic infractions, except those resulting in $1,000 or more property damage, or accidental bodily injury or death;

- reclassifies misdemeanor traffic offenses involving hazardous materials transportation permits to class B traffic infractions;

- reclassifies class 1 misdemeanors for use of noncommercial or recreational vehicles for cargo or passenger transport to class B traffic infractions;

- changes the following class 2 misdemeanor traffic offenses to class B traffic infractions: vehicle registration violations; width, loads, height, and length violations; trailer and towed vehicle violations; highway use restriction violations; liability for highway damage violations; and offenses related to interference with official devices;

- changes class 2 misdemeanor offenses regarding the following to class A traffic infractions: emergency vehicle violations; railroad crossing violations; failure to yield to handicapped persons; following too closely; offenses related to runaway vehicle ramps; air pollution control system violations; and offenses related to persons controlling vehicles;

- reclassifies certain violations involving the use of lights or signals by volunteer firemen and volunteer ambulance attendants from class 3 misdemeanors to class B traffic infractions; and

- changes the class 2 petty offense involving handicapped parking privileges to a class B traffic infraction.

Bill 10 also adds certain of these reclassified violations to the penalties and surcharge schedule. The goal of the advisory committee has been to make the net effect of the bill as revenue neutral as possible, per the requirements of H.B. 91-1106.
**Other Committee Activities**

**Denver International Airport Access Resolution**

The Highway Legislation Review Committee issued a resolution to the Colorado Transportation Commission, the Executive Director of the Department of Transportation, and each member of the General Assembly. The resolution states that surface access to the Denver International Airport (DIA) from all geographic areas of the state is of vital importance to the state's economy and to the success of the new airport. The resolution urges the continued efforts of the DIA Access Task Force and the cooperation of all affected local governments in expediting short-, mid-, and long-range surface access projects. The Task Force consists of federal, municipal, and county agencies, and is coordinated by the Colorado Department of Transportation.

**Sunrise and Sunset Review Committee Recommendations to the HLRC**

Based on the Department of Regulatory Agency's 1992 Sunset Review of the Public Utilities Commission, the Sunrise and Sunset Review Committee issued two recommendations to the HLRC. The first recommendation proposed a study of the consolidation of administrative functions pertaining to transportation regulation as conducted by the Departments of Transportation, Regulatory Agencies, Revenue, and the Division of State Patrol. The HLRC requested that the executive officers of these departments create an ad hoc committee to explore the merits of such a study. It was requested that the committee's findings be reported to the HLRC following the 1993 legislative session.

The second recommendation suggested that the HLRC review the Colorado Nuclear Materials Transportation Act of 1986 to ensure its conformity with the U.S. Hazardous Materials Transportation Act. The HLRC found that the Colorado act may have been preempted by the federal act, and it requested that the Office of Legislative Legal Services draft legislation in anticipation of bringing the Colorado statute into compliance with the federal law.

Bill Summary

(Note: This summary applies to this bill as introduced and does not necessarily reflect any amendments which may be subsequently adopted.)

Makes an exception to the duty requiring a driver involved in a non-injury accident to remain at the scene of the accident until fulfilling the statutory requirements to give notice, information, and aid. Requires a driver involved in a non-injury accident on a divided highway to move the vehicle to a suitable location to fulfill the statutory requirements to give notice, information, and aid.

Repeals the provision concerning non-injury accidents on divided highways, effective July 1, 1996.

Be it enacted by the General Assembly of the State of Colorado:

SECTION 1. 42-4-1402, Colorado Revised Statutes, 1984 Repl. Vol., as amended, is amended to read:

42-4-1402. Accident involving damage - duty. (1) The driver of any vehicle directly involved in an accident resulting only in damage to a vehicle which is driven or attended by any person shall immediately stop such vehicle at the scene of such accident or as close thereto as possible but shall forthwith IMMEDIATELY return to and in every event shall remain at the scene of such accident, EXCEPT IN THE CIRCUMSTANCES PROVIDED IN SUBSECTION (2) OF THIS SECTION, until he or the driver has fulfilled the requirements of section 42-4-1403. Every such stop shall be made without obstructing traffic more than is necessary.

Any person who violates any provision of this section commits a class 2 misdemeanor traffic offense.

(2) (a) When an accident occurs on the traveled portion, median, or ramp of a divided highway and each vehicle involved can be safely driven, each driver shall move such driver's vehicle as soon as practicable off the traveled portion, median, or ramp to a frontage road, the nearest suitable cross street, or other suitable location to fulfill the requirements of section 42-4-1403.

(b) This subsection (2) is repealed, effective July 1, 1996.

(3) Any person who violates any provision of this section commits a class 2 misdemeanor traffic offense.

SECTION 2. Effective date - applicability. This act shall take effect July 1, 1993, and shall apply to offenses committed on or after said date.

Be it enacted by the General Assembly of the State of Colorado:

SECTION 1. Part 1 of article 21 of title 13, Colorado Revised Statutes, 1987 Repl. Vol., as amended, is amended BY THE ADDITION OF A NEW SECTION to read:

13-21-108.7. Persons rendering assistance relating to vehicular incident management - legislative declaration - exemption from civil liability.

(1) The general assembly hereby finds and declares that it is important to the public safety of persons utilizing the state highway system that certain incidents involving vehicle accidents, cargo spills, and breakdowns occurring on highways and rights-of-way be managed in as efficient and expeditious a manner as is possible in order to significantly reduce the occurrence of delays and secondary accidents resulting either directly from or attributable to the slowing or stopping of traffic from such incidents. The general assembly finds that knowledgeable individuals and organizations should be encouraged to lend expert assistance in the removal from the state highways and rights-of-way of all vehicles, cargo, and personal property involved in such incidents which affect or delay other persons traveling thereon. The purpose of this section is to encourage individuals and organizations to lend assistance to the efficient and expeditious removal of such incidents from the state highway system by providing them with limited immunity from civil liability.

(2) As used in this section:

(a) "Highway" means the entire width between the boundary lines of every way publicly maintained when any part thereof is open to the use of the public for purposes of vehicular travel or the entire width of every way declared to be a public highway by any law of this
(b) "VEHICULAR INCIDENT" MEANS ANY VEHICLE ACCIDENT, BREAKDOWN, OR SPILL THAT RESULTS IN ANY VEHICLE, CARGO, OR PERSONAL PROPERTY BLOCKING OR IMPEDING THE HIGHWAY OR RIGHT-OF-WAY.

(3) THE COLORADO DEPARTMENT OF TRANSPORTATION AND THE COLORADO STATE PATROL MAY, WITHOUT THE CONSENT OF THE OWNER OF ANY VEHICLE, CARGO, OR OTHER PERSONAL PROPERTY INVOLVED IN A VEHICULAR INCIDENT, OR THE CARRIER, IF ANY, REMOVE SUCH VEHICLE, CARGO, OR PERSONAL PROPERTY FROM THE HIGHWAY OR RIGHT-OF-WAY UNDER CIRCUMSTANCES IN WHICH, AS DETERMINED BY THE DEPARTMENT OR THE STATE PATROL, SUCH VEHICLE, CARGO, OR PERSONAL PROPERTY IS BLOCKING THE HIGHWAY OR RIGHT-OF-WAY, OR MAY OTHERWISE BE ENDANGERING PUBLIC SAFETY.

(4) NOTWITHSTANDING ANY PROVISION OF LAW TO THE CONTRARY, THE COLORADO DEPARTMENT OF TRANSPORTATION AND ITS OFFICERS AND EMPLOYEES AND THE COLORADO STATE PATROL AND ITS OFFICERS AND EMPLOYEES SHALL NOT BE LIABLE FOR ANY CIVIL DAMAGES FOR ACTS OR OMISSIONS MADE IN GOOD FAITH AS A RESULT OF THE REMOVAL OR DISPOSAL OF ANY VEHICLE, CARGO, OR PERSONAL PROPERTY INVOLVED IN A VEHICULAR INCIDENT FROM A HIGHWAY OR RIGHT-OF-WAY, UNLESS SUCH REMOVAL OR DISPOSAL WAS CARRIED OUT IN A WILLFUL AND WANTON MANNER.

(6) THE OWNER OF ANY VEHICLE, CARGO, OR PERSONAL PROPERTY SUBJECT TO THIS SECTION, AND THE CARRIER, IF ANY, SHALL BE RESPONSIBLE FOR REIMBURSING THE DEPARTMENT AND THE STATE PATROL FOR THE COSTS OF THE REMOVAL AND SUBSEQUENT DISPOSITION OF SUCH VEHICLE, CARGO, OR PERSONAL PROPERTY.

(7) ANY VEHICLE, CARGO, OR PERSONAL PROPERTY INVOLVED IN A VEHICULAR INCIDENT WHICH IS BELIEVED OR KNOWN TO CONTAIN HAZARDOUS SUBSTANCES SHALL BE SUBJECT TO THE PROVISIONS GOVERNING EMERGENCY RESPONSE TO HAZARDOUS SUBSTANCE INCIDENTS UNDER PART 1 OF ARTICLE 22 OF TITLE 29, C.R.S.

(8) NOTHING IN THIS SECTION SHALL BE CONSTRUED TO ABROGATE OR LIMIT THE SOVEREIGN IMMUNITY GRANTED TO PUBLIC ENTITIES PURSUANT TO ARTICLE 10 OF TITLE 24, C.R.S., THE "COLORADO GOVERNMENTAL IMMUNITY ACT".

Sovereign immunity
is waived by a public entity in an action for injuries resulting from:

(d) (I) A dangerous condition of a public highway, road, or street which physically interferes with the movement of traffic on the paved portion, if paved, or on the portion customarily used for travel by motor vehicles, if unpaved, of any public highway, road, street, or sidewalk within the corporate limits of any municipality, or of any highway which is a part of the federal interstate highway system or the federal primary highway system, or of any highway which is a part of the federal secondary highway system, or of any highway which is a part of the state highway system on that portion of such highway, road, street, or sidewalk which was designed and intended for public travel or parking thereon; EXCEPT THAT A DANGEROUS CONDITION DOES NOT INCLUDE THE ACTION OR INACTION OF PUBLIC EMPLOYEES ENGAGING IN THE REMOVAL OF VEHICULAR INCIDENTS PURSUANT TO THE PROVISIONS OF SECTION 13-21-108.7, C.R.S. As used in this section, the phrase "physically interferes with the movement of traffic" shall not include traffic signs, signals, or markings, or the lack thereof. Nothing in this subparagraph (I) shall preclude a particular dangerous accumulation of snow, ice, sand, or gravel from being found to constitute a dangerous condition in the surface of a public roadway when the entity fails to use existing means available to it for removal or mitigation of such accumulation and when the public entity had actual notice through the proper public official responsible for the roadway and had a reasonable time to act.

A BILL FOR AN ACT

CONCERNING THE REQUIREMENTS FOR RECORDS OF THE MOTOR VEHICLE DIVISION TO QUALIFY AS EXCEPTIONS TO THE HEARSAY RULE OF EVIDENCE WHEN INTRODUCED AS EVIDENCE IN CERTAIN COLORADO COURTS OF LAW.

Bill Summary

(Note: This summary applies to this bill as introduced and does not necessarily reflect any amendments which may be subsequently adopted.)

Clarifies the procedures to be used by the motor vehicle division in certifying the authenticity of motor vehicle records. Provides that such records may be certified by the executive director of the department of revenue or the executive director's "appointee", rather than the executive director or the executive director's "deputy". Requires that such certified records be accompanied by a cover page that provides specified information. Provides that a certified record need not include the entire document if the portion certified includes all material relevant to the trial or hearing for which it is prepared.

Be it enacted by the General Assembly of the State of Colorado:

A BILL FOR AN ACT
CONCERNING LICENSE REVOCATION HEARING
UNDER THE EXPRESS CONSENT LAW.

Bill Summary
(Note: This summary applies to this bill as introduced and does not necessarily reflect any amendments which may be subsequently adopted.)

Allows an express consent hearing to be scheduled beyond the 60-day limit when the hearing officer is unavailable because of medical reasons, a law enforcement emergency, another court or administrative hearing, or any other legitimate just cause. Provides that the 60 days begins running when the request for a hearing is received by the department of revenue, rather than on the day of "filing". Makes the address the respondent stated on the hearing request form the last known address of the respondent for purposes of notice for an express consent hearing. Relocates existing provisions within the express consent statute.

Be it enacted by the General Assembly of the State of Colorado:

SECTION 1. 42-2-122.1 (7) (e), (7) (f), and (8) (c) (II), Colorado Revised Statutes, 1984 Repl. Vol., as amended, are amended, to read:

42-2-122.1. Revocation of license based on administrative determination. (7) (e) (I) The hearing shall be scheduled to be held as quickly as practicable but not more than sixty days after the day of the filing of THAT the request for a hearing is received by the department; unless such hearing is rescheduled pursuant to subparagraph (II) of paragraph (e) of subsection (8) of this section except that, if a hearing is rescheduled because of the unavailability of a law enforcement officer or the hearing officer in accordance with subparagraphs (III) or (IV) of this paragraph (e), the hearing may be rescheduled more than sixty days after the date that the request for the hearing is received by the department, and the department shall continue any temporary driving privileges held by the respondent until the date that such hearing is rescheduled. The department shall provide a written notice of the time and place of the hearing to the party requesting the hearing in the manner provided in section 42-2-117 (2) at least ten days prior to the scheduled or rescheduled hearing, unless the parties agree to waive this requirement. Notwithstanding the provisions of section 42-2-117, the last known address of the respondent for purposes of notice for any hearing pursuant to this section shall be the address stated on the hearing request form.

(II) The law enforcement officer who submits the documents and affidavit required by subsection (2) of this section need not be present at the hearing unless the presiding hearing officer requires that the law enforcement officer be present and the hearing officer issues a written notice for the law enforcement officer's appearance or unless the respondent or attorney for the respondent determines that the law enforcement officer should be present and serves a timely subpoena upon such officer at least five days before the day of
THE HEARING. If the respondent notifies the department in writing at
the time that the hearing is requested that the respondent desires the
law enforcement officer’s presence at the hearing, the department
shall issue a written notice for the officer to appear at the hearing.

(III) If the officer, after receiving a notice or subpoena to
appear from either the department or the respondent, has a conflict
with any original or rescheduled hearing date set by the department,
the officer or the officer’s supervisor may contact the department and
reschedule the hearing to a time when the officer will be available.
If the law enforcement officer cannot appear at any original or
rescheduled hearing because of medical reasons, a law enforcement
emergency, another court or administrative hearing, or any other
legitimate just cause as determined by the department and the officer
or the officer’s supervisor gives notice of such officer’s inability to
appear to the department prior to the dismissal of the revocation
proceeding, the department shall reschedule the hearing following
consultation with the officer or the officer’s supervisor at the
earliest possible time when the officer and the hearing officer will be
available.

(IV) If a hearing officer cannot appear at any original or
rescheduled hearing because of medical reasons, a law enforcement
emergency, another court or administrative hearing, or any other
legitimate just cause, such hearing officer or the department may
reschedule the hearing at the earliest possible time when the law
enforcement officer and the hearing officer will be available.

(V) At the time that a respondent requests a hearing, written
notice shall be given to the respondent advising such respondent of the
right to subpoena the law enforcement officer for the hearing, that
such subpoena must be served upon the officer at least five days before
the day of the hearing, and of the respondent’s right, at the time that
the respondent requests the hearing, to notify the department in
writing that the respondent desires the officer’s presence at the
hearing, and that, upon such notification, the department shall issue
a written notice for the officer to appear at the hearing. The written
notice shall also state that, if the law enforcement officer does not
appear at the hearing, documents and an affidavit prepared and
submitted by the law enforcement officer will be used at the hearing.
The written notice shall further state that the affidavit and
documents submitted by the law enforcement officer may be reviewed
by the respondent prior to the hearing.

(f) If a hearing is held pursuant to this subsection (7), the department
shall review the matter and make a final determination on the basis of the
documents and affidavit submitted to the department pursuant to subsections (1.5)
and (2) of this section. Except as provided in subparagraph (ii) of paragraph (e)
of subsection (8) of this section paragraph (e) of this subsection (7), the law
enforcement officer who submitted the affidavit required by subsection (2) of this
section need not be present at the hearing. The department shall consider all other relevant evidence at the hearing, including the testimony of law enforcement officers and the reports of such officers which are submitted to the department. The reports of law enforcement officers shall not be required to be made under oath, but such reports shall identify the officers making the reports. The department may consider evidence contained in affidavits from persons other than the respondent, so long as such affidavits include the affiant's home or work address and phone number and are dated, signed, and sworn to by the affiant under penalty of perjury. The affidavit need not be notarized or sworn to before any other person. The respondent must present his evidence in person.

(3) (c) (II) The law enforcement officer who submits the documents and affidavit required by subsection (2) of this section need not be present at the hearing unless the presiding hearing officer requires that the law enforcement officer be present and the hearing officer issues a written notice for his appearance or unless the respondent or attorney for the respondent determines that the law enforcement officer should be present and serves a timely subpoena upon such officer at least five days before the day of the hearing. If the respondent notifies the department in writing at the time the hearing is requested that the respondent desires the law enforcement officer's presence at the hearing, the department shall issue a written notice for the officer to appear at the hearing. If the officer, after receiving a notice or subpoena to appear from either the department or the respondent, has a conflict with any original or rescheduled hearing date set by the department, the officer or his supervisor may contact the department and reschedule the hearing to a time when the officer will be available.

If the law enforcement officer cannot appear at any original or rescheduled hearing because of medical reasons, a law enforcement emergency, another court or administrative hearing, or any other legitimate just cause as determined by the department and the officer or his supervisor gives notice of his inability to appear to the department prior to the dismissal of the revocation proceeding, the department shall reschedule the hearing following consultation with the officer or his supervisor at the earliest possible time when the officer and the hearing officer will be available. If a hearing officer cannot appear at any original or rescheduled hearing because of medical reasons, a law enforcement emergency, another court or administrative hearing, or any other legitimate just cause, such hearing officer or the department may reschedule the hearing at the earliest possible time when the law enforcement officer and the hearing officer will be available. Notwithstanding the sixty-day requirement in paragraph (a) of subsection (7) of this section, if a hearing is rescheduled because of the unavailability of a law enforcement officer, the hearing may be rescheduled more than sixty days after the filing of the request for the hearing, and the department shall continue any temporary driving privileges held by the respondent until the date that such hearing is rescheduled. At the time that a respondent requests a hearing, written notice shall be given to the respondent advising him of his right to subpoena the law enforcement officer for the hearing, that such subpoenas must be served upon the officer at least five days before the day of the hearing, and of his right, at the time that he requests the hearing, to notify the department in writing that he desires the officer's presence at the hearing, and
that, upon such notification, the department shall issue a written notice for the
officer to appear at the hearing. The written notice shall also state that, if the law
enforcement officer does not appear at the hearing, documents and an affidavit
prepared and submitted by the law enforcement officer will be used at the hearing.
The written notice shall further state that the affidavit and documents submitted by
the law enforcement officer may be reviewed by the respondent prior to the
hearing.
