**REPORT OF MEMBERSHIP COM-
MITTEE**

Your Committee has secured the applications of eighty-one attorneys for membership in this Association. Fifty-nine of the applicants have been approved by this Association and applications will be voted on at the annual meeting, April 27, 1925.

As a part of our work, we have made a thorough canvass of the attorneys practicing in this city, who were not members of this Association, and whom we believed to be eligible to membership. The results of our efforts and the information with respect to each attorney who was not a member and whose application was not secured, are tabulated in a card index which was started by this Committee and which is to be the permanent property of the Membership Committee. This card index shows the names of all the attorneys practicing in the city who are not members of this Association, together with such information as may of value to future committees. We have endeavored to make this system complete so that future committees will have all the available information with reference to the non-members of the Association and their reasons, if any, for not joining.

Your Committee desires to make one recommendation with reference to the dues or so-called initiation fee which is paid by each newly admitted member. We would suggest that the payment which is to accompany the application be prorated throughout the year according to the time at which the application is presented. The dues for the year being \$6.00, it would seem well to divide this into two payments—that is, anyone making application for membership before January 1 should pay \$6.00, and anyone making application after January 1 and before July 1, should pay \$3.00 We have experienced difficulty, especially among the younger men, in obtaining applications with but three or four months left in the fiscal year, where the requirement is that the full year's dues shall be paid. We are constantly met with the argument that they wait three months and join, their dues will be paid for a full year in advance.

Respectfully,
**MEMBERSHIP COMMITTEE OF
THE DENVER BAR ASSOCIATION.**

Chairman.

OPENING FOR YOUNG LAWYER

Denver Bar Record:
The writer contemplates retiring from the active practice of law, and I am wondering if you know of any young man who would care to take up the matter of succeeding me in this town. There is a population of approximately 2,000 here and no other lawyer. I would also be glad to dispose of a very good working library, including Cyc, Corpus Juris, Colorado reports, Colorado Appeals, Ruling Case Law and much else. There is much territory and, I believe, a good opportunity for the right man.
