

# Creative Commons License Type Definitions & Examples

*Permissions granted on the left.*

*License which allows those permission on right.*

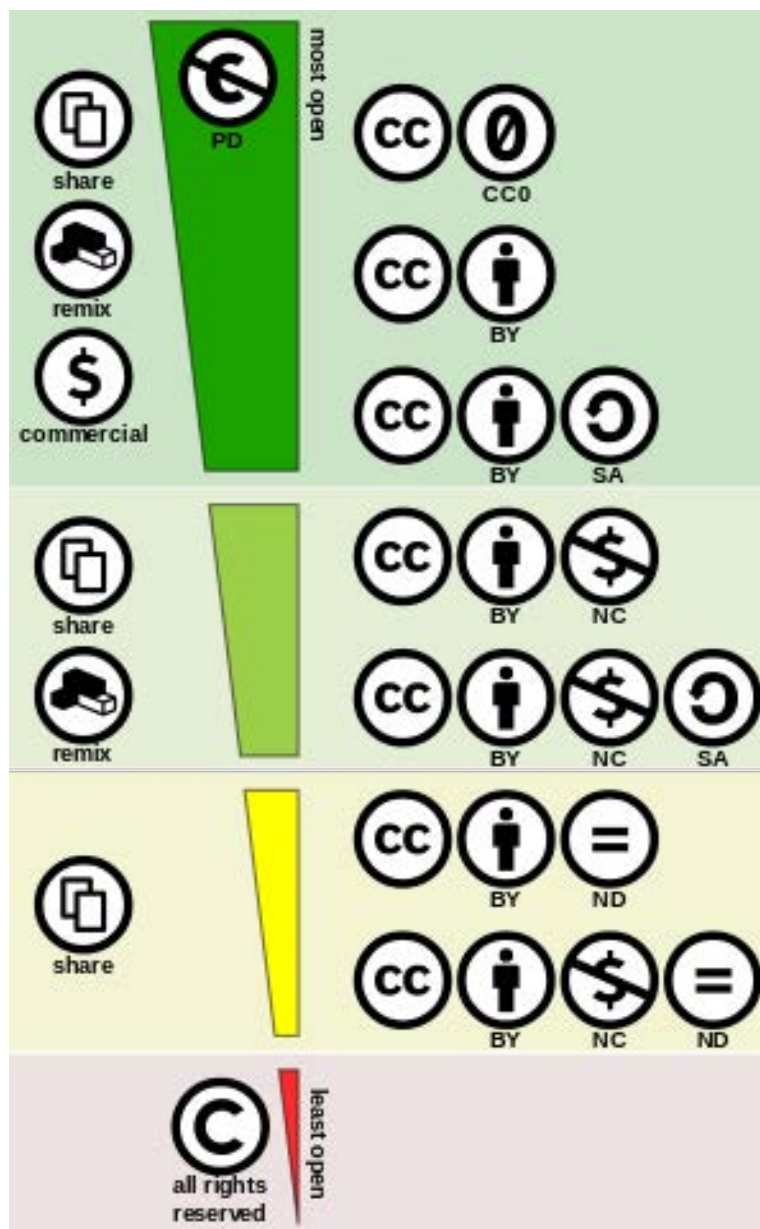

Image by Shaddim; original CC license symbols by Creative Commons - [https://creativecommons.org/about/downloads/https://creativecommons.org/policies/Original CC license icons licensed under CC BY 4.0, CC BY 4.0, https://commons.wikimedia.org/w/index.php?curid=47247325](https://creativecommons.org/about/downloads/https://creativecommons.org/policies/Original%20CC%20license%20icons%20licensed%20under%20CC%20BY%204.0%2C%20CC%20BY%204.0%2C%20https://commons.wikimedia.org/w/index.php?curid=47247325)

CC-BY: User may download, remix, or share the paper and derivatives anywhere so long as they give the author credit for the original work. (All licenses require proper attribution.)

CC-BY-SA: Allows download, remix, and sharing, but any derivative made from the paper must be shared openly under this same license. (Ex: Permission is granted to use the paper as a book chapter, the book would also be open access with a CC-BY-SA license. This does not affect scholarly citation or Fair Use.)

CC-BY-ND: The work may be downloaded and shared anywhere, but no derivatives can be made. (Ex: Does not grant permissions to include the paper in a book. This does not affect scholarly citation or Fair Use.)

CC-BY-NC: Allows download, remixing, and sharing of the work provided that the work and any derivatives are not used for a commercial purpose. (Ex: Permission is granted to use the paper as a book chapter only if the book is not sold. This does not affect scholarly citation or Fair Use.)

CC-BY-NC-SA: Allows download, remixing, and sharing, provided the work and any derivatives are not used commercially AND derivatives must be shared under this same license. (Ex: Permission is granted to use the paper as a book chapter only if the book is not sold and is released with a CC-BY-SA license. This does not affect scholarly citation or Fair Use.)

CC-BY-NC-ND: Allows download and sharing only. No derivatives can be made from the paper and it cannot be used in any commercial effort. (Ex: Does not grant permissions to include the paper in a book or share it on a pay-for-access site. This does not affect scholarly citation or Fair Use.)

Note that these licenses do not restrict any rights granted under U.S. Copyright Law. CC Licenses grant explicit permissions for anyone to use the work in the methods mentioned above without contacting the rights holder. Uses not granted under the license may be allowed under Copyright Law (such as Fair Use mentioned in the examples) or may be individually requested from/granted by the rights holder.
